

The Washington Area Humane Society has started an Emergency Pet Food Response Program to help the pets of people who have been impacted by the COVID-19 virus.

To use the program you must call first - no unscheduled pick-ups:

Call 724-222-PETS (7387) Ext. 108 to tell us about your pets so that we can prepare a food package of what you need.

We will schedule you for a pick-up appointment which will be a Tuesday or Friday.

At your scheduled appointment day and time, come to the Washington Area Humane Society, enter our driveway and stay in your car - we will load the pet food into your trunk no need to get out of your car.

The Washington Area Humane Society is located at 1527 Route 136 Eighty Four, PA 15330

If you are disabled, a senior citizen, or are immune-compromised and cannot leave the house, we have some volunteers who are willing to make a delivery. Call us to request a delivery.

Our staff are following recommended safety precautions.
