

WM At Your Door Special Collection

Eligible Items

In general, most ordinary household chemicals purchased at retail stores are eligible for collection. Only items originating from households are eligible, no business material is allowed. Most consumer electronic items can be collected, including microwave ovens (appliances such as washer, drier, refrigerator or other large appliance are not acceptable). Console TV's and similar consumer electronic items in limited amounts are eligible unless they originate from a business. Universal material is collected and typically includes fluorescent lamps, compact fluorescent bulbs and mercury devices. List is not all-inclusive and may vary depending on state and local regulations.
